BULGARIANS IN READINESS TO RESUME FIGHT

Commander-in-Chief Issues Communication Calling for Renewed Activity to Show Fatherland Deserves Respect of World

ARMISTICE IS DECLARED ENDED

In the Meantime Diplomats See Possibility of Avoiding Renewal of Hostilities in Negotiations About to Be Reopened

[ASSOCIATED PRESS DISPATCH] SOFIA, Jan. 29.—General Savoff, commander in chief of the Bulgarian army, addressed today the following communication to the men of his command:

"From the course taken by the peace negotiations, it becomes evident that the enemy is unwilling to yield an inch of territory conquered by our victorious armies. The Turks wish by the stroke of a pen to destroy all that you and your brave brothers who have fallen in battle, have won."

"Will the heroes of Kirk Kiliseh, Banarhisar, Lule Burgas and Tchatalja allow this affront to the glorious army of Bulgaria to go unanswered?"

"Prepare then for fresh victories and with your irresistible movement forward, show the armies of the whole world that Bulgaria, our fatherland, deserves more respect."

Terminate Armistice Today. VIENNA, Jan. 29.—A dispatch from Sofia says: In accordance with the decision of the government, the army headquarters has been ordered to terminate the armistice tomorrow.

New Peace Negotiations.

LONDON, Jan. 29.—The peace negotiations which reached a deadlock over the session of Adrianople on January 6, were finally broken today by a note which the plenipotentiaries of the Balkan allies presented to Richard Pasha, the head of the Turkish delegation. Notwithstanding this rupture, there are still optimists in the diplomatic world who hope the resumption of war may yet be averted either through fresh proposals from Turkey reported to be including in the note she will deliver to the powers tomorrow, or through the fall of Adrianople before activities can be begun again at the Tchatalja line.

The majority of the Balkan delegates refuse to admit the likelihood of either contingency, but cling to the belief that the life of the Young Turk government depends upon the resumption of war even though the allies are willing to postpone the conflict. They are of the opinion that the present failure of diplomacy at the worst, only is an interlude, however, for they will leave the four representatives in London to undertake a settlement anew.

Richard Pasha after receiving the note said: "The consequences may be of the gravest nature, but the responsibility lies not alone with the allies, but with the powers, who encouraged the Balkan states, and have shown no fairness toward Turkey, although before war had been proclaimed solemnly a principle of the unchangeability of the status quo."

The plan of the allied governments, so far as the plenipotentiaries are concerned, is to concentrate a force at Adrianople, immediately after the expiration of the prescribed four days, if the surrender of that fortress does not occur in the meantime. They believe that a few days bombardment by the big siege batteries which now surround Adrianople, will bring about capitulation. Balkan representatives declare that all reports that Russia will aid Bulgaria against Turkey are unfounded. The allies expect the preliminary treaty of peace will be signed in Adrianople by the victorious Bulgarians and Serbian generals, and this will be embodied in a treaty which will be concluded in London.

A Constantinople dispatch to the Post, sent by the way of Constanza says it is evident that something is happening at Tchatalja, as wounded men are arriving from there constantly. An unconfirmed report says that fourteen thousand Circassian troops mutinied and rioting is also reported among the troops at the Dardanelles.

Await Turkey's Note

CONSTANTINOPLE, Jan. 29.—Turkey's reply to the note of the powers will be handed tomorrow to the Austrian Ambassador. Diplomats here are favorably impressed with the information they have received respecting the reply, and are sanguine that the Turkish counter proposals will serve as a basis for a settlement or at least permit to resumption of negotiations. The only foundation for the report that fighting has occurred at Tchatalja between the late Nazim Pasha and the supporters of the Young Turks is the arrival in Constantinople from the front of several squads of invalid soldiers. Most of these are suffering from fever, exhaustion and frost bite.

Dead Letter Sale Nets Government Over \$10,000.00

[ASSOCIATED PRESS DISPATCH] WASHINGTON, Jan. 29.—The United States is \$10,861 richer today through carelessness of persons who neglected to place return addresses on mail. The annual "dead letter" sale netted that sum. A mounted diamond of more than three carats went for \$350, and articles of every description were sold after having been displayed to buyers, the lottery feature of selling parcels unopened having been eliminated.

JUDGE MACK APPROVES SHORTER UGLIER WORD

Witness Admits Stating Falsehoods and Jurist Styles Them Lies.

[ASSOCIATED PRESS DISPATCH] NEW YORK, Jan. 29.—Federal Judge Mack ruled in favor of the shorter and uglier word today. Counsel for the government cross-examined A. L. Wisner on trial with John J. Meyers for alleged misuse of the mails and promoting stocks and forced the witness to admit he had made misstatements to the postoffice department concerning his enterprises.

The prosecutor characterized these as lies. Counsel for the defense objected.

"The witness has admitted," said Judge Mack, "that he made statements knowing them to be false and they are therefore, if I understand English, lies. The prosecutor may use the word 'lie' as to such statements."

STILL PROBING HILL ORE LEASE

Witness States That in His Opinion the United States Steel Corporation Paid Exorbitant Price in Order to Control Ore Output

[ASSOCIATED PRESS DISPATCH] NEW YORK, Jan. 29.—Today's hearing of the government suit to dissolve the United States Steel corporation was occupied with further testimony bearing on the acquisition by the corporation of the Hill ore lease and the introduction of statistical evidence. P. H. Nelson, the ore expert, who testified yesterday that in his opinion the steel corporation had paid an exorbitant price for the lease for the purpose of keeping ore out of the hands of its competitors, was cross-examined by counsel for the trustees of the Hill lands, the defendants in the suit. The witness admitted that after the lease had been consummated even higher royalties were paid for ores by the independent interests than those stipulated in the lease, but declared that this was due to the scarcity of ore in the district after the Hill lands had been removed from the market.

He reiterated the statement that the acquisition of the Hill lands together with the transportation facilities controlled by the corporation gave it an average over its competitors.

Warren Bill is Approved by The United States Senate.

[ASSOCIATED PRESS DISPATCH] WASHINGTON, Jan. 29.—The Warren bill to encourage rifle practice and promote a patriotic spirit among the citizens and youths of the United States, was approved today by the senate committee on Military Affairs. Assignments Announced at Second Meeting of Permanent Organization Placing Work Beyond Experimental Stage

MEETING SHORT AND BUSINESS-LIKE

Resolution Passed Allowing Members of General Committee Right to Meet With Charter Committee for Discussions on Charter

The meetings of the committee of one hundred and twenty-five differ in one important particular from most public meetings held in the southwest, in that part they are short and the business of the meeting is rapidly disposed of with the consequent result that the interest in the operations of the committee continues. Last night's session was another evidence of this. With an hour from the time the meeting was called, one hundred and twenty-five members of the general committee had been assigned to the seventeen sub-committees, appointments had been made for meetings of the executive committee and the charter committee and the general meeting had adjourned.

The earnestness of the members of the movement was also well illustrated with the applause after a speech by Eugene Brady O'Neill, in which he told of the work of the advisory committee in making the assignments, he asked that every member of the general committee in spite of the fact that assignments had been made in many cases that had not been requested, that all pitch in and work for the betterment of Phoenix and for Arizona.

Chairman Talbot called the meeting to order last night in the court room on the second floor of the city hall building and after stating that the advisory committee had been forced to meet twice in order to thoroughly canvass the list of names submitted for committee assignments, and after the minutes of the previous meeting had been read by Secretary Frank B. Trott, called upon Mr. Trott to read the list of the committee assignments.

The committee assignments were as follows: The executive committee is to consist of the chairman of the regularly appointed subcommittees together with the officers of the committee of one hundred and twenty-five. The officers chosen at the meeting on Monday night were Walter Talbot, president; H. B. Wilkinson, vice chairman; Frank B. Trott, secretary; George Simon who was elected assistant secretary notified the committee last night with his regrets that he will be unable to serve as an officer.

Following the assignment of committees, the question of the employment of an assistant secretary in place of Mr. George Simon was taken up and discussed at length and it was finally decided that the secretary and president should be empowered to choose an assistant secretary and the matter of compensation for the performance of secretarial duties should be left to the executive committee.

W. B. Lount, a member of the former charter commission, and also a member of the charter subcommittee of the committee of one hundred and twenty-five, then addressed the meeting and suggested that it be thoroughly understood that all who were willing to make their beliefs regard to charters known should be given an audience by the charter subcommittee, but he realized this would take up a large amount of the time of the committee. He however believed it to be the sense of the organization that the various subcommittees appointed upon the other matters of public moment will have suggestions worth consideration upon matters that should by all means appear in the charter, and he therefore proposed a resolution, the effect of which he hoped would be to have all the important things thrashed out and settled before the subcommittee so that there will be no chance for a repetition of the regrettable incident that overcame the former proposed charter.

The resolution was unanimously adopted as follows: "It is the sense of this committee that all members of this body shall be considered ex-officio members of the subcommittee on charter, and that they have all privileges except that of voting, and that when the subcommittee on charters submits its report to the whole committee no amendments or alterations shall be considered except by a majority vote of the whole committee."

Chairman Alexander announced a meeting of the subcommittee on charter for next Monday night in the same chamber used last night. Chairman Talbot announced a meeting of the executive committee to be held in the rooms of the board of directors this afternoon at 4:30. The meeting then adjourned on motion subject to the call of the chairman. Some little merriment was occasioned during the meeting last evening by various members of the committee gently chiding other members who made speeches in representatives from the hall.

FAME AS HERO MUST NOT DETER HAND OF LAW

This is the Sentiment of New York State Attorney General Dan Sickles Whose Friends Offer Assistance

[ASSOCIATED PRESS DISPATCH] ALBANY, Jan. 29.—The fame of General Dan Sickles as a soldier should not deter the efforts of New York state to collect \$23,476 unaccounted for by the general as chairman of the New York monuments Commission. This is the view advanced by Attorney General Carmody in a letter today to Mrs. Helen D. Longstreet, of Gainesville, Ga., widow of the Confederate general. In a telegram to Attorney General Carmody, Mrs. Longstreet offered to raise \$25,476 from the ragged and maimed followers of Lee. Carmody's letter says:

"Your sympathies and patriotic expressions do justice to your heart, but do violence to the facts in this case. General Sickles is being prosecuted by the State of New York for converting to his own use the sum of \$23,476. This money came into his hands as chairman of the state monument commission to be used, among other purposes, for the erection of monuments to mark the resting places on the field of Gettysburg of the brave soldiers who fell in defense of their country and to provide for a celebration upon the field of Gettysburg in which those living might participate at the state's expense in a fitting manner."

"Sickles appropriated this amount to his own use. This he has not attempted to justify or defend admitting that he took the state's money for private use without authority of law, an act which under our laws, and under the laws of all civilized governments, means stealing. He was given his own time to repay this amount and that time was extended at his suggestion, without any desire to embarrass him, and with a full appreciation of the claim he has upon this nation for his great service rendered during the rebellion."

"These services cannot be over-estimated but even the fame of a soldier must not be a cloak to protect the commission of crime and it is nothing less than misdirected sympathy to undertake so to confuse the question as to make an ordinary prosecution for a crime seem like persecution or to elevate as a martyr a person who has confessed to dereliction."

CAMPING OUT TO GAIN THE "EXPERIENCE"

Suffragettes Are Toughening Themselves For March to Washington

[ASSOCIATED PRESS DISPATCH] NEW YORK, Jan. 29.—The appearance today of a group of tents resembling at a distance a gypsy camp in mid-winter on the lawns of Central Park was explained when members of the suffragettes, band that is to march to Washington next month were disclosed encamped by the way of getting preliminary "experience" before the "votes for women" tramp is begun.

[ASSOCIATED PRESS DISPATCH] KANSAS CITY, Jan. 29.—John Talburg, a Danish laborer in a grading camp near here threatened today to destroy all of Kansas City unless one hundred thousand dollars was immediately given to him. The threat was made in a letter. After his arrest he repeated it and said he had access to all the dynamite in the camp. Talburg complained that the city failed to care for him when he was recently injured. A commission will investigate his sanity.

AUTOMOBILE HAS NOT DISPLACED HORSES

Both Horses and Mules Increase on American Farms.

[ASSOCIATED PRESS DISPATCH] WASHINGTON, Jan. 29.—The introduction of the automobile on the farms of the United States has not displaced the horse or mule, for the latest estimate of the number of animals on farms on January 1, as announced by the department of agriculture shows more horses than ever before, except in 1890 and 1910 and more mules than in any year in record. The horses and mules are of greater value than ever before except in 1911.

HARVESTER CO. ON NEW BASIS

Organizes Corporation Under Laws of New Jersey to Take Place of Existing Company and Makes Offer for Stock

[ASSOCIATED PRESS DISPATCH] NEW YORK, Jan. 29.—Stockholders of the International Harvester company will receive tomorrow a circular giving the details of the International Harvester corporation, recently incorporated in New Jersey to handle the foreign business and certain domestic plants of the parent company. The new corporation is to take over approximately half of the net assets and surplus of the existing company, and to assume such portion of the debt of the present company. It will have approximately one-half the present company's earning capacity.

"It is proposed," the circular says "to reduce each class of the capital stock company by one-half so that the present holdings of each stockholder of the existing company will be reduced one-half. Upon such reduction being made each stockholder will be paid \$100 cash for each share of preferred and common stock, cancelled by such reduction, or at his option will receive, in lieu of such payment, shares of stock with the new corporation."

LOSING ON MAIL.

[ASSOCIATED PRESS DISPATCH] WASHINGTON, Jan. 29.—Ralph Peters, president of the Long Island railroad, told the joint congressional committee investigating railway mail compensation today that the New England railroads are heavy losers by the railway mail service. He said the railroads wanted a method of compensation which would net the roads a little more than a dollar for each dollar expended, which now is not the case.

SHUGRUE OUTFIGHTS LEACH.

[ASSOCIATED PRESS DISPATCH] NEW YORK, Jan. 29.—Young Shugrue of this city, outfought Leach Cross, the local light weight, seven out of ten rounds tonight. Near the end of the fourth round Cross, after "stalling" and apparently tiring, suddenly sent Shugrue down with a hard right to the jaw. REBELS CROSS BORDER AND RUN INTO CAVALRY

Encounter Troops of American Regulars Who Fire on Them Wounding Two, Killing Their Horses and Taking One Prisoner

ARE MOVING TOWARD JUAREZ

Other Forces Are Reported Marching to Join Force and Perhaps Open Fire on the Much Taken City Opposite El Paso

[ASSOCIATED PRESS DISPATCH] EL PASO, Jan. 29.—Rebel forces located on the Texas border at Guadalupe during the past week today evacuated that town and began moving along the border toward Juarez, opposite this city. United States army officers estimate that the rebel force will exceed 1600 while other groups are reported as moving in from below Juarez. Four Texas rangers defied today the rebel army eight miles west of Pecos, Texas, when the rebels invaded American soil. The state police opened fire on what appeared to be one hundred rebels in the bush of the rough country along the river, shooting two riders from their horses, capturing one of the wounded.

A troop of the Thirteenth cavalry rushed to the place and its commander talked to General Antonio Rojas, who appeared to be in command of the detachment of rebels. The rebel chief declared he did not know his men were on the American side of the border.

Near Mexico City. WASHINGTON, Jan. 29.—Rebel activities continue without abatement within fifteen miles of Mexico City, according to advices received today by the state department from Ambassador Henry Lane Wilson. REPUBLICANS LOSE.

Skirmish Over Taft Appointments Results Disastrously.

[ASSOCIATED PRESS DISPATCH] WASHINGTON, Jan. 29.—The second skirmish of the republicans and democrats of the senate over President Taft's appointments resulted today in the defeat of the republicans. As a result the republican leaders lost less confidence tonight in their ability to break up the democratic opposition and force action on some hundreds of pending appointments.

A motion for an executive session, made early in the day by Senator Cullum, was lost on a tie vote of 31 to 31. The democrats drew to their aid Senators Bristow and La Follette republicans, and Poinsette, progressive. After a thorough canvass of the senate later, the republicans secured but little chance of breaking the deadlock as the absent members are equally divided.

TAFT ON PHILIPPINES.

Is Opposed to Independence Even After Eight Years.

[ASSOCIATED PRESS DISPATCH] WASHINGTON, Jan. 29.—President Taft, in his farewell speech before the Ohio society of Washington, vigorously attacked tonight the bill now pending in congress proposing autonomy and independence in eight years for the Philippines. Taft began his address with an allusion of President McKinley. From his praise of McKinley he turned to the Philippines. "Speaker Clark," he followed the president, declined to debate with him the democratic policy of independence.

"I have no inclination to make the Philippines an issue and am not going to, either," he said. "I wish we out of there in as good shape as we were when we got in."
